Date: Thursday, 16 August 2018 6:16:25 PM

Apologies all – MT18/666 is now required asap – see below advice from the MO. I know that you are all extremely busy with BE notes and other urgent requests, but your assistance would be appreciated.

To be able to consolidate the advice, please provide this to MES no later than 10.00 am Monday, 20 August.

MES – please change due date to 10.00 am 20 August.

Thanks all

**Cathy Johnstone | Director Ministerial and Executive Services
Policy Coordination and Governance | NSW Department of Education**

Subject: MT18/666 Reps for Lee Evans MP to Premier

Cathy and Annabel

I have received a call from the Premier's office this afternoon, they are seeking the information requested in MT 18/666 imminently.

I have indicated that I would seek departmental support to obtain advice as soon as possible. Could you please inquire if there is any capacity to complete the request by noon on Monday 20 August, this would be greatly appreciated by the Premier.

I do note that RML18/2253 signed by the Minister on 7 August was a response to Mr Evans about Stanwell Park Public School Parents and Citizens Association which is a duplicate of corro sent to Premiers office.

Deborah O'Sullivan
Senior Departmental Liaison Officer
Office of the Minister for Education

MT18/666

The following is information addressing the representations made by Mr Lee Evans MP, Member for Heathcote following a morning tea held on Wednesday 30 May 2018 attended by the Premier and school principals and Parents and Citizens presidents.

Engadine High School - expansion of hall facilities

- Engadine High School currently has a hall/gymnasium in building G which is approx. 790m². This is above the department's Educational Facilities Standards & Guidelines.
- There are currently no plans to upgrade the hall facilities at Engadine High School.

Cook School

- demand for places at the school has increased - demountable issue - standard for future classrooms should be Modular Design Range

- The Cook School is an SSP with 37 enrolments.
- There are seven classrooms in total, comprising three permanent classrooms and four demountable classrooms.
- Current projected enrolments are not increasing and there are currently no planned projects to upgrade the permanent facilities at the school.
- Accommodation needs at SSPs differ from mainstream schools and the school may require additional demountable facilities to meet the needs of its students.
- Modular Design Range classrooms (MDRs) are a form of accommodation used across many schools in NSW. These modular facilities are often preferred because they are seen by schools as more permanent than demountable accommodation.
