

Additional Information for Inquiry from witness Ken Wilson

I would like to table the following information and documents as additional references for my Submission.

1. (LINK 1) URL for state transit web page **“Northern Beaches and Lower North Shore bus service improvements”**

For some reason the link I provided in my submission is no longer available. However, the page can still be viewed using Internet Archive WAYBACK. Here is the link

<https://web.archive.org/web/20210122233617/https://transportnsw.info/news/2020/north-ern-beaches-lower-north-shore-bus-service-improvements>

2. (LINK2) Pool upgrade Traffic report. The Willoughby Leisure Center pool upgrade has been approved and note that the consultants seem to think the 257 is still running. Also note the map where they show where you can catch a 120 (introduced in 2021) or a 257 (Cancelled in 2020). Interesting as these two services have never co-existed. I am thinking the consultants neglected to look for bus route cancellations under the heading “Improvements” above.

3. (LINK 3) Chanel 9 460-unit Development Traffic Report which lists 4 cancelled services and details single parking spots to be shared between two studio apartments (allocation of 0.5 spaces per studio apartment). The report was produced before State transit cancelled the services and was out of date at the time the development was approved. Large document please view via this link

4. (LINK 4) Details of service changes for buses on Willoughby Rd (as discussed in submission 58) showing a summary full detail of these changes derived from the attached timetables.
