Justin
Maybe push them to have a pre handover meeting from planning and ask me along and we can raise these issues and flush out. If not it will be our fault

Martin

Just sitting in a meeting with Council looking at Tallawong PS - part of the GWSC.

Its obvious that the Planning people have planned nothing. Site constraints have not been established at any time. The site doesn't really look suitable for the purpose. Looks like the Council is going to carve this design proposal up. We had been told that this project was on the way to SD completion but sounds to me like the master plan assumptions are floored.

No action required at this stage but just noting the risk based on what we're seeing and what we're receiving from planning. We have until March 2021 to resolve and get in for stat approval.

regards
