

NSW Farmers Response to Supplementary Question

*Inquiry into the approved charitable organisations
under the Prevention of Cruelty to Animals Act 1979*

IN RESPONSE TO: *In relation to making applications under the Government Information (Public Access) Act in New South Wales. Has NSW Farmers ever had need to access that provision by asking for information from the RSPCA? If that were available, do you see a need for your organisation to access that arrangement?*

In response, NSW Farmers has not found any evidence of a case where we have employed provisions under the *Government Information (Public Access) Act* to request information from the RSPCA. We nevertheless highlight the value of greater transparency.
