Subject: RE: Long term sustainability and future of the timber and forest products industry - Post-hearing responses - 5 April 2022

Hi Lauren

I have reviewed my part of the transcript and can confirm it is accurate. In response to the question from Justin Field.

Mr JUSTIN FIELD: Sorry, gentlemen, that I could not be there yesterday. I would come down. I am just at Milton. I will have to make the trip down later this month if I can look at your site. Thank you for your evidence today. Am I right in saying that you are currently with your hardwood contracts with Forestry Corporation?

CHARLIE FISHER: I do not believe we are, but I would have to take that on

The Eden hardwood contracts with Forestry Corporation are not in Force Majeure.

Regards,

Charlie Fisher
