Telstra technician showing the height flood waters reached inside a mobile base station.

Damaged equipment covered in silt at a mobile base station.

Damaged fibre duct alongside a washed-out bridge, NSW/Qld border region.

Aerial view of the inundated mobile base station at Buckendoon.

Telstra field staff searching for a land-slip (likely 20-30cm in length) in dense bushland at Blue Knob, approx. 6 km NW of Nimbin, NSW.

Lismore Exchange after flood waters had receded.

The red line shows the high-water mark.
