OFFICE OF THE COMMISSIONER

Dear Attorney General

Thank you for your correspondence on the recommendation arising from the Law Enforcement Conduct Commission Operation Monza Report (the Report).

The NSW Police Force expects its officers to comply with their legal and ethical obligations while providing a high level of service to the community.

Following careful consideration of the Report, the two police officers identified in the report who remain in the NSW Police Force will be issued with a Professional Standards Commander's Warning Notice, to impress upon each officer in person that their behaviour was unacceptable.

The warning notices are non-reviewable sanctions under section 173 of the *Police Act 1990*.

Yours sincerely

M J Fuller APM
Commissioner of Police
