Dear Chair

Subject: Clarification of evidence/transcript for Budget Estimates hearing

I write to clarify evidence I gave on 22 August 2022 during the 2022-23 Budget Estimates hearing for Legislative Council Portfolio Committee No. 5 – Regional NSW and Stronger Communities, Attorney General.

On page 39 of the uncorrected transcript I mistakenly stated “*At the moment, the case management system that we have in courts and tribunals is a common platform, except for NCAT, but will be by December*” in response to the Honourable Adam Searle’s question “*Is the ultimate objective at some point to have all the courts and tribunals on common technological platforms for things like filing of initiating processes and evidence and the like?*”

My statement was in error. The appropriate response should have been:

At the moment, the case management system that we have in courts and tribunals is a common platform, except for NCAT, but will be by June 2023.

I ask that a correction be included as a footnote in the final transcript. If you need further information, please do not hesitate to contact me

Yours sincerely,

Karen Wallace
