

Question 1 (page 29)

**The Hon. SUSAN CARTER:** In the past two years how many investigations would you have initiated not as a result of complaints but off your own initiative?

**PETER DAY:** I'd have to take that on notice in terms of giving you that actual figure breakdown itself. Before, I gave you a detailed outline of how many investigations we do over a year, but I can give you.

**The Hon. SUSAN CARTER:** If you could take it on notice, and the difference between these where you're responding and those where you're initiating, I'd be very grateful for that.
