

TRANSCRIPT CLARIFICATION

Public hearing 5 October 2023

Mr Paul Salvati, National Heavy Vehicle Regulator (NHVR)

Correction one.

Page 59. In the final sentence of my response starting with the words "I might start, if that's okay..." I have provided some incorrect statistics on a safety campaign undertaken by the NHVR. The correct number of views is as follows:

--Across social media there are over fifty-seven million impressions and for TikTok alone its over eighteen million impressions. An impression is the number of times the advertising content appears in a person's social media newsfeed.
