Dear David

Thank you for the opportunity to provide additional information to the Committee.

I have attached:

- ASA's response to Questions on Notice and Supplementary Questions, together with **Attachment A** containing information about the LEEP program provided by the Salvation Army LEEP program; and
- Corrections to transcript;

In relation the transcript, please note that I suggested one correction to the transcript that you may not wish to adopt and this relates to the My Blue Sky website and the number of community languages available through translation. In my evidence, I said 'approximately 18', the correct number is 26.

Kind regards  
Jennifer
