Subject: RE: Inquiry into the equity, accessibility and appropriate delivery of outpatient and community mental health care in New South Wales – Post-hearing responses – 13 February 2024

Dear Holly,

Thank you for your email and the detailed transcript.

I would like to add what I am aware of about services in QLD (page 3, paragraph 3). They have started implementing an Integrated Service System (ISS) under the Family Violence Multi-Agency Risk Assessment and Management Framework (MARAM). They have High Risk Teams made up of a large variety of professions including DFV workers, police, corrections, housing, and child safety. There are regular interagency meetings that enable professionals to communicate more effectively and deliver more holistic care.

I would like to make corrections to:
(page 6, paragraph 5) – it is the “Mandatory Reporting Guide”, not the “management reporting guide”.
(page 7, paragraph 7) – “relocate” instead of “we locate”.

Have a lovely week,
