Good afternoon

Please see the following attachments from Local Government NSW in relation to our appearance at the inquiry into Pounds in NSW on 15 December 2023:

1. Response to questions on notice
2. Marked up transcript noting:
 - Change animal rehoming **incentives** to animal rehoming **centres**
 - Change **billion** to **million**
 - Change speaker from **DARRIEA TURLEY** to **DAMIAN THOMAS** for one brief response.

Please also note that at one point near the base of page 13 of the transcript I misspoke and said that: *All animals seek to avoid the unnecessary euthanasia of animals.* The first 'animals' in that sentence should, of course, be 'councils'. If it is permissible to amend this to the intended word, I would be grateful if you could do so. If not, that's fine.

Kind regards

Damian
