Good morning

I seek a minor clarification to the transcript of my appearance at the inquiry into Pounds in NSW on 15 December 2023, as I misspoke. I would be grateful if the Committee would please replace the word *billion* with *million* as follows, on page 11 of the transcript:

*For the management of companion animals, the report estimated a total cost shift onto New South Wales councils of \$29.6 ~~billion~~ million for 2021-22.*
