Dear Julianna

Apologies again for the delay in responding. My only concern is highlighted on p.25. I do not doubt that I said 'greater' but it does not convey the correct meaning – which would be 'not less' or 'no more frequently than'. If the rules say 'no change allowed' I'll have to live with it, but as it stands it is an incorrect statement of fact.

Otherwise, a bit garbled in places, but all good enough!

Cheers, Graham
