Dear Dr Cohn *Amanda*

Thank you for your correspondence on behalf of Portfolio Committee No 8 – Customer Service regarding the inquiry into public toilets.

I am advised the Department of Planning, Housing and Infrastructure has no specific issues for the Committee's consideration.

I hope the Committee's deliberations with stakeholders and other individuals will be beneficial to informing the final report.

Thank you for bringing this to my attention.

Yours sincerely

Paul Scully MP 
Minister for Planning and Public Spaces
