**Re: Correction to transcript – PC6 – 6 September 2024 – Budget
Estimates (Graham)**

25 November 2024

Dear Director,

I request the Committee make a correction to a comment I made during the Budget Estimates session held on 6 September 2024, for Minister Graham.

On page 50 of the Transcript, it was noted that, “ACT do have cameras on the rooftops, as we do have in New South Wales as well”. However, the correct statement should read as, “ACT do have **signs** on the rooftops, as we do have in New South Wales as well”.

Please advise if you require further information to action this request.

Sincerely,

Bernard Carlon
