Dear Chair

I refer to the inquiry hearing on 4 February 2025 into PFAS Contamination in Waterways and Drinking Water Supplies Throughout New South Wales.

Please find enclosed responses to the two questions taken on notice during the hearing by the NSW Environment Protection Authority (EPA).

Thank you also for the opportunity to review the uncorrected transcript. I wish to request that the below points be considered as clarifications rather than corrections to the transcript please:

- Page 41 – changing 30 residents to 80 residents
- Page 43 – changing "who are putting into that sewer" to "who are putting waste into that sewer".

Yours sincerely

14 February 2025
