Supplementary Question No. 163

QUESTIONS:

(163) Minister, how many FTE staff specialist psychiatrists held permanent positions with NSW Health as at:

- (a) 28 December 2024?
- (b) 22 February 2025?
- (c) 1 February 2025?
- (d) 14 March 2025?

ANSWER:

I’m advised:

Fortnight	Permanent Staff Specialist Psychiatrists
a) December FN13	273
c) February FN16	250
b) February FN17	223
d) March FN18	215

Figures are reported for the pay fortnight the requested dates fall within. Note c and b have been reported in chronological order in the table above.

Note that FTE does fluctuate and worked FTE figures may not align with staff specialist psychiatrist separations due to changes in overtime worked and leave without pay arrangements.

Supplementary Question. 164

QUESTIONS:

(164) How many Locums or VMOs were employed by NSW Health as at:

- (a) 28 December 2024?
- (b) 1 February 2025?
- (c) 14 March 2025?

ANSWER:

I'm advised:

Data is not centrally available for specific days worked as figures rely on a monthly billing cycle. The below table presents the estimated full time equivalent VMOs (including locum VMOs) for each month where data is available.

Month	Estimated FTE
December 2024	1,894
February 2025	1,753
March 2025	Not yet available

The Your Voice Your Futures Survey was developed around a series of questions that focused on:

- the important issues that young people face,
- what is not working well for young people in NSW, and
- how the NSW Government should support and better engage with young people.

(b) If yes, are the findings of the surveys publicly available?

Where relevant and appropriate, the findings from the Youth Week Surveys are shared across ACYP's core stakeholders in the NSW Government, business and the community. These insights are used in submissions and reports to highlight the needs and concerns of young people and to inform policies, programs and services about how the NSW Government can better support young people.

The findings for the Strategic Plan Tracking Surveys were published each year, originally as part of the NSW Strategic Plan for Children and Young People 2022-2024 and in tracking reports released over the subsequent years. Further information about these surveys can be found here: <https://www.acyp.nsw.gov.au/strategic-plan-2022-2024>

The availability of the findings from the Your Voice Your Future Survey is a question best directed to the Minister. However, it is my understanding that the findings of this survey will be shared across NSW Government departments to help design and deliver better programs and services for young people, and to inform ministerial priorities. Survey analysis will also be included in the Office of Regional Youth's 2024 consultation report.

(c) If yes, what was the cost of the surveys?

Surveys form a core part of the Advocate's ability to understand the trends experienced by children and young people across NSW. For this reason, allocation is given in the operational budget of the Office each year to undertake this activity.

The costings for each of the above surveys is as follows:

<u>FY</u>	<u>Supplier</u>	<u>Description</u>	<u>Amt Excl GST</u>	<u>FY Total</u>
FY23	SEC Newgate	Youth Week - 15 minute survey for 1,000 young people.	48,806	
FY23	SEC Newgate	Strategic Pillars Research - 15 minute survey for 1,000 young people.	37,851	86,657
FY24	SEC Newgate	Youth Week 15-minute survey for 1,100 young people.	54,000	
FY24	SEC Newgate	Strategic Pillars Research - 15 minute survey for 1,000 young people.	36,120	90,120

There were no external costs incurred by the Office of the Advocate for Children and Young People to administer the Your Voice Your Futures Survey.
