Dear Chair

Subject: Clarification of evidence/transcript for Budget Estimates hearing

Title of evidence clarification

BIANCA JARRETT: We've committed to two rounds of a request for tenders. The first stage is just about to be finalised, so it's still open, and that was targeting three priority locations that PricewaterhouseCoopers had identified in the report that they developed for the department. We have committed that the six new centres built by December 2026 and the enhancement funding which is attached to that program will also be completed by December 2026 as well

BIANCA JARRETT: In terms of handing keys over to new buildings. But actually operational—some of those centres might not be operational until June 2027.

This should be amended to:

Correction: The ACFCs awarded via the Round 1 RFP are due to be built by December 2026 and those awarded via the Round 2 RFP are to be built by June 2027.

Correction: ACFC Buildings as part of the round 1 RFP will be built and handed over to ACCO's by December 2026 with services expected to be operational from Early 2027. ACFC Buildings as part of the round 2 RFP will be built and handed over to ACCO's by June 2027 with services expected to be operational shortly thereafter.

Please publish my clarifications above. If you need further information, please do not hesitate to contact me on

Yours sincerely,

Bianca Jarrett
