Needless to say, political criticism of Israel, however inflammatory or adversarial, is not by its nature criticism of Jews in general or based on Jewish racial or ethnic identity...The conclusion that it is not antisemitic to criticise Israel is the corollary of the conclusion that to blame Jews for the actions of Israel is antisemitic; the one flows from the other.” ?

- (63) How is the remuneration for staff in the Chancellery determined?
- (64) What is the annual budgeted expenditure for the operation of the Council?
 - (a) Are Council members provided any payments, allowances, or reimbursements for their membership on the Council, their attendance at Council meetings or their participation in Council activities?
- (65) I note that UTS has recently announced the election of a new UTS Chancellor. In regards to the process of electing the new Chancellor can you please advise:

 - (c) How many people were shortlisted for the role?
 - (d) How was the position advertised and applications received? If it was by invitation how was the list of invitees decided?
- (66) Can you please provide clarity on the matters below relating to UTS Council?
- (a) Are the agenda of the UTS Council meetings publicly available?
 - (b) Are minutes taken at UTS Council meetings, and if yes who has access to those minutes?
 - (c) I note that the minutes are not made publicly available but instead a report is provided on the UTS website which 'is not to be considered minutes of the meeting'. Why does UTS prepare a report rather than releasing the minutes?
 - i. Who prepares the report?
 - ii. What is the cost associated with preparing the report?
 - iii. Who approves the final report for release?
 - iv. How long after the meeting is the report released? Is this standardised? How are interested parties able to keep track of when reports are available?
 - (d) I've had concerns raised with me that decisions by Council are actioned prior to the release of reports from the UTS Council meetings and before anyone has an opportunity to raise any concerns regarding the contents of the report, or decisions contained in the report. What would your response to this be?
- (67) Under the UTS General Rules, Schedule g2 -Strategic Delegations it states "At its 18/4 meeting Council approved (COU/18-4/78), in accordance with s17(2.) of the UTS Act, a delegation to the Vice-Chancellor to approve amendments to staff positions (additions, deletions or amendments)" – can you clarify at which meeting this delegation was approved, and can you explain the purpose of this delegation?
- (68) How much does the university spend on advertising across various platforms (TV, radio, social media, etc.)?

- (69) There seem to be security concerns regarding your Operational Sustainability Initiative. I've been told by staff that they were advised that in some cases security was going to be at meetings, but this was reversed when they were questioned about why. Why would you think security's presence would be necessary?
- (70) I've been advised that the Information Commissioner has received a complaint, which provided evidence that a 'master spreadsheet' containing academic research metrics, exists, despite previous denials by UTS under GIPA. Can you confirm the existence of this spreadsheet, how it was used in decision making and why its existence was originally denied?
- (71) What other alternative strategies were explored beyond the current change proposal, where 80% of the proposed \$100 million savings is from workforce savings, to meet the needs of the Operational Sustainability Initiative?
- (a) Are you able to share documentation about the options that were considered?
- (72) Why did UTS choose to use consultants to undertake the Operational Sustainability Initiative planning? What analysis was undertaken to justify outsourcing the work rather than relying on internal expertise?
- (a) Was a cost-benefit analysis undertaken on the use of consultants vs internal expertise? If so can you table relevant documents associated with this?
- (b) Given the purpose of the Operational Sustainability Initiative is to propose savings, why was spend on consultants for this initiative prioritised over both savings and retaining staff jobs?
- (73) Can you provide an overview of when the UTS Council made the decision to adopt the Operational Sustainability Initiative?
- (a) What information was provided to the Council prior to the decision being made?
- (b) How long after the new Council was elected was this decision made?

- (b) What have you done to ensure the psychological safety of staff given the Prohibition Order issued on 02 September 2025?

- (75) How many students are currently enrolled across the degrees that UTS has announced it is suspending enrolments in? Has the University conducted a risk assessment regarding both the impact on current students and their degree progression, and the impacts of suspending those degrees (whether they are then re-opened, or discontinued)?
- (a) For each course that has been suspended, can you confirm whether a business case was prepared in consultation with staff and industry partners affected by suspended courses?
 - (b) What will the impact of these course suspensions be on strategically important issues including teacher education, the New Colombo Plan (NCP) and management for First Nations healthcare workers?
 - (c) Why is it that academic staff in some suspended courses have been advised that: if these courses are discontinued on release of the OSI and staff are made redundant, they will be given adjunct positions and asked to continue supervision of higher degree research students - presumably without pay?
 - (d) What is the authority of the Academic Board? One of the programs whose intake has been suspended was reaccredited by Academic Board in May 2025 – less than 3 months prior to the announcement of the pause. Why didn't the university raise issues about the program leading up to the reaccreditation – that is at the time when programs are being reviewed, stakeholders consulted, future needs assessed?
- (76) What consultation was undertaken with students in relation to both the Operational Sustainability Initiative and the suspension of courses?
- (77) What consultation was undertaken with staff, faculty boards, and Faculty Deans regarding the courses that have been suspended?
- (a) How were recommendations about suspended courses made – were they suggested by the faculty or to the faculty and on what grounds? Were faculties given a minimum number of courses to cut? If no courses had been recommended by the faculty what steps would have been taken?
 - (b) Members of Faculty Boards in Business say there was no discussion on which courses to suspend. If the VC means that the decisions were based on "recommendations made by Deans" (email sent 15/08), then were you aware that the Deans did not consult with faculty boards, and/or did you ask the Deans to consult with faculty boards?
 - (c) Who made the final decision on which courses would be suspended?

- (78) What consultation with industry stakeholders has been held for each of the courses whose Autumn 2026 intake is being suspended? Have the staff working on these courses been consulted about who are the relevant stakeholders to consult?
- (a) What risk assessment has been undertaken on the reputational damage of the pause in intake, and the manner in which it was decided?
 - (b) What risk assessment has been undertaken on the impact of the pause on the industries in which graduates of the paused courses work?
- (79) Why did the University believe it was necessary NOT to consult staff in the affected areas before announcing the course suspensions?
- (80) Noting the commitment in the UTS Indigenous Education and Research Strategy 2025-30 to “increasing Indigenous student participation and supporting a positive students experience” (2.4a). How many Indigenous students are enrolled in the currently suspended degrees?
- (a) What proportion of the overall Indigenous student cohort does this represent?
 - (b) Has there been any consideration of the impact on faculty Indigenous enrolment targets or broader Indigenous student participation when considering future course offerings under OSI and if so, what is the predicted impact?
 - (c) Noting the commitment in this strategy to “Inclusion of strategic Indigenous objectives and consultation before planning phases”. In what ways has OSI referred to Indigenous objectives and consulted Indigenous staff in the development and planning phase? Are there any formal documents which outline this process or these considerations?
- (81) UTS recently announced a partnership with CinLearn to deliver online postgraduate programs to Chinese professionals. What percentage of the student fees are paid to CinLearn for the delivery of the course?
- (82) I note KPMG’s contract extension was due to end 31 August 2025, has this been extended? If so for how long and what is the expected cost of the extension?
