Subject: Re: Early childhood education and care sector in New South Wales – Post-hearing responses – 28 October 2025 - the Front Project

Good morning

Thank you for sending this through. The only correction is on page 5: "...where they looked at all of the children who attended a childcare subsidy service—180,000 kids, they had the data for..."

We have checked the study and it is approximately 120,000 children. Can the figure please be updated to "approximately 120,000 children."

Kind regards
Martel
