Subject: RE: Small Local Commitments Allocations - Keira

OFFICIAL [REDACTED]

Hi all,

Just wondering what Tranche 10 and 12 means in the update? I assume it is rounds of funding, but is there dates set for those or an ETA on when funds will be allocated? Have Big Fat Smile Corrimal and the Illawarra Stingrays been made aware by the Department regarding when they will be given the money?

Further, Mount Keira Dem has "PDF requires further detail." What details were they missing? I will follow up with them today, along with the other schools.

I know that we were give a Department contact for Woonona as they were having difficulty with the application process, could I get that Department contact again (It was sent over Signal) to provide to the other schools if they are having the same issues? I assume they would be as they were school specific things.

I'll get in contact with WCC as well, but as far as I can tell our office hasn't been in contact with them previously.

Callum in our office had been dealing with all of our LSCA grants himself, but now that he has moved on we are trying to play catch up a bit. Our office genuinely appreciates your assistance, as we image there are a lot of projects in similar situations as ours. As you can understand, Ryan is wanting to get these out the door as soon as possible, and so we are hoping to nail things down if we can.

I can see that the Anglican Church is on the LSCA website, but is the expected process that our office is the one to communicate with them regarding their approval? Can we confirm that the funds have already been sent? I spoke to Scott at the Church, who I believe is the contact there, and he wasn't sure if the money had been received and was going to follow up with their finance officer. Is someone from the Department informing organisations that they have been approved?

If we could get a brief outline of how the announcements are made we would greatly appreciate it.

Thanks for your assistance, again I know that this is a lot of questions for this stage of the grants program.

Kind regards,

Joshua Mills
Office of Ryan Park MP
