Dear team,

Thank you,

I have no corrections to the transcript.

If it is useful to the committee to be aware, there are a couple of errors in my evidence that may or may not be relevant for the committee to consider. They can both be fact checked otherwise.

The application fee for an individual at NCAT is \$62 not \$66.

I made reference to a series of consultations and legislative processes. In the third paragraph, I referenced a media event 'earlier in 2025'. This was in 2024, and Parliament passed the rental reform bill later in 2024 with effect from May 2025.

Thanks again,

Leo Patterson Ross (he/him)
