### SPOTLIGHT

on long term residents:

- Long term activist Dawn will be having an operation this month which we hope will bring her relief and we all look forward to seeing her revitalized with her usual elegant headwear! She was relating how when she moved to East Sydney 30 years ago she was referred to as a 'new blow in who wanted to change things' - that included planting lots of trees which give so many of us pleasure today.
- George and Charis continue to make available their publication relating their round the world journey by motorbike - both books and bike will feature at the Primo Italiano Festival on Sunday 5 June
- We wish our friend Carl well in combating his illness and our support for his partner Chris.
