

## **Questions Taken On Notice**

**If greyhounds were 15 per cent, what were the thoroughbreds (at the time the Inter-Code Agreement was signed)?**

GRNSW was not in existence at the time the Inter-Code Agreement was signed. As such it would be appropriate to refer this question to the relevant thoroughbred administrator of the time.

**How many dogs that were not named were adopted through Greyhounds as Pets last year?**

Ten greyhounds that were not named have been re-homed through Greyhounds As Pets in 2013.

**Would you provide (the audit on GRNSW's swabbing practices) to the Committee?**

GRNSW would be happy to provide this report to the Committee on a confidential basis given that information contained in the report relates to operational matters and security arrangements within the GRNSW organisation.
