

## FINER EVALUATION 2012

- 35% sustained reduction in night time non DV reported assaults = 2000 young people
- 50% reduction in night time street offences
- 26% reduction in night ED assaults presentations
- Overwhelming community support
  - Reduced trading hours 77%
  - Lockout 80%

## Effective policy measures

Most effective - reduces dangerous levels of intoxication/oversupply - industry pays its way

1. Reduce extended trading hours
2. Reduce hotel density
3. Effectively enforce real RSA – “deemed responsible”
4. Alcohol pricing/taxes

Less effective – transfers additional cost/blame to public whilst sustaining industry profits

1. More police, transport, public resources
2. Patron education and awareness programs
3. Unsustainable business models (max vol/strength of alcohol)
