Hi John

Please find attached the two Attachments sent to the NCA from GRNSW, I have also included the NCA's response.

David Lombe from Deloitte did advise me to refer to certain pages in the report, these pages were missing from GRNSW. David also advised me that Mr Hogan had requested parts of the initial report were taken out that showed in the opinion of Deloitte that the NCA was being under funded by GRNSW. This was also confirmed by Murray Nicol who at that time was on the board of GRNSW. I have also attached an email between myself and David Lombe where David said *"due to the factoring of the member loans, presents a much better position but at the end of the day it's GRNSW process and decision"*
