

## Supplementary questions

### Palliative Aged Care Network

1. What recommendations to the NSW Government would you like to see come out of this inquiry?

The Palliative Aged Care Network recommends:

There must be a Registered Nurses on site 24/7 in Residential Aged care Facilities (RACF) where the % of residents that have been assessed has "HIGH" in the complex care domain is 70% or greater.

Consider provision of incentives to increase the uptake of registered nurses into Aged Care in rural and remote regions of NSW
