Notes | 1. "Flagstone" notification provided to the EPA by the Co-operative is attached.

2. "Hinze Dam" notification provided to the EPA by the Co-operative is attached.

3. "Woolgoolga" notification not provided. Formal notification considered unnecessary. The EPA was aware of the planning approval for the bypass through its planning and regulatory roles for the Pacific Highway Upgrade Project.

4. The EPA has rejected certain other sources of native vegetation proposed to be used as fuel by the Co-operative. The EPA considered that they did not comply with the terms of the statutory exemption.

5. The EPA is currently investigating the use in October 2011 of certain native vegetation as a fuel from a property near Lismore in alleged contravention of the conditions of the exemption.

6. Figures for October 2011 not yet available.
