**Question No. 3  
Question from Dr John Kaye MLC**

In respect of the electricity transactions, please provide the total amount that has been paid to non-government organisations in respect of services in preparation for the electricity transactions

- a. Please provide the total amount they are contracted to be paid and have not yet been paid.

**ANSWER**

I am advised:

The Energy Reform Project has engaged consultants typical for a project this size.

There is no contractual amount Treasury is committed to however the Government will continue to incur costs until the completion of the transaction. It should be noted that the Consultants' fee arrangements are commercially sensitive and therefore confidential to the parties.

All expenses incurred in restructuring the energy industry will be recouped from the sales proceeds.
