

## Americanisation of NSW Healthcare

Document tendered by	<i>Minister for Health</i>

Resolved to publish	Yes / No

The union scare campaign about the Americanisation of NSW Healthcare, was backed by Labor

*"The NSW Labor Opposition has thrown its support behind a NSW Nurses and Midwives Association TV ad campaign."* Walt Secord media release – 9 February 2015

This is despite the Australian Private Hospitals Association saying the campaign was:

*"Misleading, deceitful and scaremongering"*

And AMA NSW president Dr Saxon Smith saying:

*"AMA (NSW) does not support the NSW Nurses and Midwives' Association assertion that public-private partnerships are linked to US-style managed care "*

*"it is a big leap to say they are the same thing and the nurses are wrong to do so."*
