

## NSW PARLIAMENT

### Legislation Council General Purpose Standing Committee No. 6

### Inquiry into Vocational Education and Training in NSW

### QUESTION ON NOTICE

**The Hon. CATHERINE CUSACK:** Just going now to the issue that you were raising about private providers, there are a number of specialist disability training organisations, as I understand it. Do you have any information about how many did not win contracts or did not get sufficient contracts under Smart and Skilled?

**MR MACMILLAN:** I do not have that information here. I would need to take it on notice to investigate the availability of that information.

### RESPONSE:

National Disability Services (NDS) has been unable to find any publically available information which compares funding provided to all training organisations that specialise in providing services to people with disability, pre and post the introduction of Smart and Skilled. The NDS membership does not include all specialist disability service providers operating in NSW.
