Subject: RE: Inquiry into vocational education and training in New South Wales - Transcript and questions on notice

Dear Lynn,

Re: Inquiry into vocational education and training in New South Wales - Transcript and questions on notice

I am assuming that there is only the one supplementary question that I have been asked in relation to this inquiry. The answer in relation to consultation by TAFE Illawarra management with the South Coast Labour Council is as follows:

TAFE Management has from time to time in the past consulted with the South Coast Labour Council on a range of matters including course delivery. I am not aware of any such consultation within the last 12 months however. I hope this answers the question adequately for the committee.

Yours sincerely

Arthur Rorris
Secretary
South Coast Labour Council
