Joint Select Committee on the  
Cross City Tunnel  
Parliament House  
Macquarie Street  
SYDNEY NSW 2000

**JSC CROSS CITY TUNNEL**

8 MAY 2006

**RECEIVED**

Dear Mr Johnston

I refer to your request to provide a response to the following question taken on notice by Department of Commerce representatives, Mr Alan Marsh and Mr Brian Baker, at the Joint Select Committee on the Cross City Tunnel on 12 April 2006:

*"What is your overall revenue, roughly?... In terms of the projects? ... If you could break it down into agencies, government trading enterprises and local government?"*

In response, I can advise that the fee revenue earned by Commerce in 2004/05 from services related to managing and supporting the delivery of client building and engineering construction works totalled approximately \$72 million.

This figure can be broken down as follows; state government agencies 84%, local government agencies 15%, and government trading enterprises and other 1%.

I trust this information is of assistance.

Yours sincerely

Michael Coutts-Trotter  
**Director-General**
