**Attachments:** corrected transcript.docx; Image (2).jpg; Image.jpg; 416659\_1-2014 Signed Financials - 1034\_R.pdf

Hi Ivana, Please find attached the corrected transcript and copies of Sunhaven Hostel's financials for 2013/2014. Sunhaven Hostel subsidies for 2013/2014 were \$721,438, nowhere near the millions that Walt Sacord was so sure we had received. Our profits have averaged around \$300,000 for the past 3 years, and these have been put aside for the fire sprinkler system, the fitting of a solar system and the construction of a library and computer lab for residents. This project will commence this year and will assist the Facility to meet significant refurbishment criteria. I found the experience very unnerving. I feel I went into it a little naive, though not as naive as some of those interviewed after me who feel that young RN's straight out of Uni will come out to the bush and work in aged care. Anyway, hope it all helped. Please contact me if you require any further feedback. Thank you. Roberta Thompson.
