Principal council Officer
Joint Select Committee on
the Cross City Tunnel
Parliament House

Sydney NSW 2000

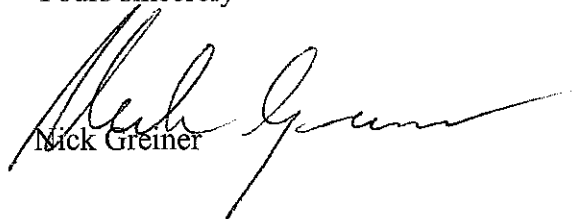

Dear Simon

I am advised by Baulderstone Hornibrook that William Street is part of stage 2 works and as such is required to be completed within 8 months of the tunnel opening. This would make it approximately the end of April 2006.

I understand progress is currently being hampered by changes to the planned schedule of works.

If further information is required, I think it would be appropriate to ask the RTA.

Yours sincerely

Nick Greiner
