INQUIRY INTO COAL SEAM GAS

Name: Mr David Goulding

Date received: 24/08/2011

GPSC5 GPSC5 - Submission to Coal Seam gas Inquiry.

I write to submit that drilling & fracking be banned in the Hunter valley wine region. As a local resident & winemaker I'm horrified at the prospect of aquifer contamination & gas emissions having a very deliterious effect on the vines.

Hoping for your favourable response,

David Goulding.
