Summary

Submission to Cross City Tunnel lodged by Felicity Crombach

17 January 2006

Cross-City Tunnel Inquiry
Parliament House
Macquarie Street
Sydney NSW 2000

Dear Sir

I wish to make a submission with reference to the Sydney tunnels. I am very concerned about the lack of clean air in the tunnels and the pollution that occurs from the stacks.

Whether the pollution occurs in the tunnels, where people are sitting in their vehicles, or above ground where people live, this pollution has the effect of making people sick. Not only is this a worry to those who get sick but also to the greater population who pay the bills.

Taxation money belongs to us, the population and we want it spent wisely. We want it spent to prevent people becoming sick, to prevent greenhouse gasses, to keep folk and the environment healthy.

I am concerned that we the population can protest and put forth our submissions but the government takes no notice of what we want.

Yours faithfully

Felicity Crombach
