Dear Sir,

In regards to the closing up of State Forests & T.S.R., made into national Parks, and was used by fishermen & others to be able to camp overnight on these places.

I strongly object to this as we need access to Rivers that run through these reserves or State Forests, and not only Rivers but to be able to stay overnight.

As a member of S.W.A.A. & involved in local anglers club, we look after some of these places, to keep them respectable.

Kenneth E Hall
