

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

Marriage as seen in the current definition of a man and woman has been the cornerstone of stable democracies for over a hundred years. A marriage (Commitment for life with male and female) has been demonstrated in many studies as the best way to rear and support the growth of well adjusted children. Anecdotal reports of other children being also well adjusted notwithstanding. This nuclear family, needs to be protected. Other relationships need also to be supported in Law, but not as Marriage.
