

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mrs Wendy Blake

Date received: 15/02/2013

I would like to submit my heart felt conviction on the definition of marriage. Marriage is a covenant between a man and a woman. A covenant is never sealed without the shedding of blood. When a man and a woman become one...as God intended...then there is shedding of blood.

A family is God's building block, and creates a proper, balanced environment in which a child can develop and grow with a balanced and objective view of the world around.

Please consider my objection to same sex 'marriage' when voting in parliament. Thank you,
Wendy Blake
