INQUIRY INTO THE BUILDING THE EDUCATION REVOLUTION PROGRAM

Name: Name suppressed
Date received: 6/06/2010

Partially Confidential

The New Canteen at Tottenham Central School funded by the BER program is insufficient given its overinflated price, \$600,000.00 for its very small size, 24 metres square. It is ridiculous that a building of that size can cost so much money. As a rate payer and a parent I am disgusted that we can have a canteen built which is too small and cost more than it currently costs to buy a 4 bedroom home in a large rural community such as Dubbo. The canteen's small size and over inflated cost is a prime example of a poorly implement and poorly administered program. It is appalling.
