PROPOSED SALE OF SNOWY HYDRO LIMITED

Organisation:

Name: Mr John Cox-Taylor

Telephone:

Date Received: 2/06/2006

Theme:

Summary

The Snowy Hydro Scheme is an icon of Australia and should never be sold. I grew up when the Hydro Scheme was being built and feel strongly about it.

This was the first major attempt at immigration and multi culture and was most successful.

Governments obtain money from the sale of our assets and rapidly spend it. We lose a precious asset which should remain in our hands always and provide the Government with ongoing income.

Please give Rev. Dr. Gordon Moyes my kind regards and best wishes.

Mr John Cox-Taylor
