INQUIRY INTO GREYHOUND RACING IN NSW

Name: Mr Brian Pearce

Date received: 5/11/2013

SELECT COMMITTEE

Date 4-11-2013.

Submission Heading – More prizemoney in Victoria.

Relevance / Terms of Reference - "Term A The economic viability of the greyhound racing industry in New South Wales "

What I would Like to Say – Prize money in New South Wales is now so poor compared to Victoria that we cannot afford to race our dogs in this state. Costs are rising but prize money is not keeping up. GRNSW should cut down in administration to pay for prize money. I think the intercode agreement is very unfair and it should be changed.

Yours Sincerely /

SELECT COMMITTEE

Submission Heading –. Wasting Money

Relevance / Terms of Reference - "Term H The capability and performance of Greyhound Racing NSW and governance of the industry,

What I would Like to Say – I think that GRNSW is spending too much money on their own administration. They have too many staff and an expensive computer system that doesn't work for us. I don't think it is right that the stewards have so much discretion as to who is to be swabbed. I think that money could be saved if the red marble came back.

The prize money is very poor in New South Wales. The inter code agreement should be changed, less money spent on administration and the red marble brought back for swabbing. Then the prize money can be increased to an amount that would cover our costs.

Yours Sincerely
