INQUIRY INTO GREYHOUND RACING IN NSW

Name: Name suppressed

Date received: 24/10/2013

Partially Confidential

Dear Sir/Madam,

A full inquiry into the Greyhound Racing industry needs to be launched. An independent body has to regulate and monitor this industry. Anywhere where money can be made will ensure ruthless people will stop at nothing to win, in this case doping the dogs. The massive over-breeding and lack of official numbers of dog 'wastage' also needs to be addressed.

Thankyou and kind regards
