**INQUIRY INTO EDUCATION AMENDMENT (ETHICS
CLASSES REPEAL) BILL 2011**

Name: Ms Kate Ramzan-Levy

Date received: 6/02/2012

I write to convey my full support for ethics classes being offered in NSW public schools. Ethics classes are an important alternative to traditional scripture classes and offer children an opportunity to consider wider issues as they shape their values for older years. As the parent of 8 and 10 year old girls, I strongly support their choice to attend an ethics class and I implore our elected representatives to maintain the availability of ethics classes in NSW schools.
