Dear committee,

It is abundantly clear that the Liberal Party state & federally are on a mission to destroy all public education with a view that education is a privilege for those who can afford it. The Liberal Party / LNP / Coalition Governments everywhere are funneling TAX PAYERS MONEY into PRIVATE COFFERS so that their mates in Private Education can make squillions off people.

The NEOCON agenda of destroying public education to make ALL education a business FOR PROFIT rather than a social benefit to all must be stopped. The Liberal Party in NSW are defunding TAFE in furtherance of this agenda.

Education is NOT a FOR PROFIT enterprise. Education is to ensure a better society for all & the Liberal / LNP/ Coalition governments in Australia MUST BE STOPPED in defunding of TAFE and Public education. They must be stopped FUNNELING VAST AMOUNTS of public money into the coffers of their MATES in private education.

Public money should be used to fund public education and private educators should get zero. Education should be available to everyone as this will better society AND THE ECONOMY as educated & skilled workers will generate innovation and jobs. The Liberal Party NECON agenda MUST BE ABORTED.

Public money must not be FUNNELLED LIKE NIAGRA FALLS in flood into PRIVATE PURSES. The Liberal Party are the party for the wealthy & they are GIVING OUR TAXPAYERS MONEY to their mates in the billions. The destruction of TAFE and the FUNNELING of PUBLIC MONEY to PRIVATE EDUCATORS must be stopped immediately.

Kind Regards
