**INQUIRY INTO MANAGEMENT OF PUBLIC LAND IN
NEW SOUTH WALES**

Name: Dr Jonathan Gibson

Date received: 30/07/2012

As I law abiding recreational vehicle user I implore the NSW Government to continue to allow access to all areas of public land for those who wish to use it for recreational purposes, which includes trailriding. The areas most of us utilize are beyond the reach of other non motorised recreational users and the tracks used are established and, as such, no further impact on the environment is made. I would encourage the government to investigate recreational registration for non ADR complied vehicles (as occurs in Victoria), which will encourage those currently using the land ' illegally' to provide funds to assist with conservation and have third party insurance should any accidents occur.

Thanks for your time
(Dr) Jonathan Gibson
