## THE TRANSPORT NEEDS OF SYDNEY'S NORTH-WEST SECTOR

Name: Mrs Lesley Musgrave

Date received: 22/09/2008

---

Current Transport issues

- \* no direct access to Kurringai UTS for university, currently takes between 1 1/2 and 2 hours in each direction by public transport.
- \* limited public transport home from city at night.
- \* basically no public transport home late night from North Sydney

As I have university aged children this is a real concern, as they do not always have access to a car.
